THE P. M. here forgot to send the INTERIOR JOURNAL that got North on the Cincinnati Southern last Friday. We mention this to show our subscribers that it is never our fault if they fail to get their papers on time.

IT is not our fault, Mr. Howell, THE INTERIOR JOURNAL leaves this office for you every week of the world. We appreciate your great loss in failing to receive it, but you can't shake your gory looks at us and say we caused it.

NEW RAILROAD—A correspondent tells us of a new railroad project, which, if carried to a consummation, will work incalculable good to our county and the others through which it will pass. It would be well for our leading men to inquire into the matter and give the enterprise all the assistance possible.

THE time has come when the ladies should look out for warm and stylish wraps for the winter. Always up with the season, our enterprising young merchant, Joe Hayden, has laid in a large stock of the most fashionable Cloaks and Dolmans, which will arrive from New York next week. You will save money by interviewing him.

HORRIBLE—A little child of Mr. T. Rutter was severely scalded that it died after lingering a few days in great agony. Its mother had lifted a boiling pot of coffee from the stove and put it upon the floor, when the little thing crawled to it and running its hand into the vessel overturned the contents upon itself. The flesh was literally boiled from the bone, and presented a most sickening appearance.

HEAVY frost yesterday morning. A year ago we had snow, and speaking of snow reminds us that six inches of it fell in Quebec Tuesday night.

The law against the killing of partridges expired yesterday. The last Legislature passed an act fixing November 1st as the day, but it only applies to Kenton and a few other counties.

The house and lot formerly occupied by Mr. J. N. Craig was knocked off to Moses D. Elmore at \$3,775. Considering its many advantages the price paid is not regarded high. Mr. Elmore will move thither in a short time.

SEVERAL prospective brides have taken our advice and bought their trousseau from J. W. Hayden, who keeps the nicest and cheapest line of Dress Goods in every variety to be found anywhere. Go buy of him and be happy.

ROBBERY.—The Myers House bar was relieved of \$35 or \$40 the other night by some party who took advantage of the keeper's condition to get in his work. One or two persons are suspected, but the clue is so slight that no arrests have been made.

PREMIUM VEGETABLES.—Mrs. S. R. Cook has left at our office a lot of sweet potatoes that weigh from 3 to 3 1/2 pounds each, and Mr. J. F. Peak some about as large. The latter gets away with anybody in turnips though, as several of his samples will fill a peck measure.

TWO PAPERS FOR THE PRICE OF ONE.—A number of our subscribers are taking advantage of our offer to fill out with our Semi-Weekly, without extra charge, all the time they will have paid in advance prior to its issue, and notwithstanding their papers are not out till sometime next year, have paid to date in the year after. Among them are Adam W. Carpenter, Jno. B. Fish, J. E. Bruce and many others. One man has paid to July, 1883.

CIRCUIT COURT will begin Monday, and can continue three weeks. The docket embraces 331 cases, of which 71 are commonwealth cases, 138 old equity, 8 equity appearances, 8 motions, 40 old common law and 44 common law appearances. Of the commonwealth cases, there are three for murder—S. R. Cook, for killing McCoy, Graham and Reed, for killing Rowley; and the two negroes for killing another negro on the day Cooper & Jackson's Circus exhibited at Crab Orchard.

WE have received from the venerable Dr. C. C. Graham his book on the Science of Mind.

HALE & NUNNELLEY have taken the agency for the celebrated Davis Sewing Machine.

HALE & NUNNELLEY have commenced to receive their Fall stock of goods, which has been selected with care and bought for cash. They offer them to the public at cash figures.

SOMERSET.—The trial of Mullany for killing Durham resulted in a hung jury, as did the Truxell-Russell murder case, Bolton, for killing Whittaker, got four years. The trial of Carter, charged with the murder of Russell, is now progressing.

WE sincerely hope that none of our young men will have business from home during the season of the grand jury. It is no recommendation to a man to see him to a child crime, and he will lose it in the long run. Stand your ground like men, and aid in the enforcement of law and order.

MARRIAGES.—NANCY—YOCUM.—In the Court-house on Wednesday, Judge Brown officiated at the marriage of Mr. Jacob Nancy to Mrs. Elizabeth Yocum. Mrs. Yocum is a daughter of Mr. Monroe South, and is a number of years the senior of the groom.

BRIGHT—CRAIG.—The marriage of Mr. Benjamin Bright to Miss Rena Craig, daughter of Wm. Craig, Esq., of this place, was solemnized at the home of her uncle, Mr. Thos. Baughman, in Glasgow, Wednesday, and immediately afterward they took the cars at Danville for Atlanta and other points South. We wish them a happy voyage through life's journey.

MOBERLY—AMOS.—At the Baptist Church, Wednesday evening, by the Rev. J. M. Bruce, Mr. Alex. Moberly to Miss Lucy A. daughter of Wm. E. Amos, late of Illinois. Attendants—Mr. J. W. Hayden and Miss Lucy Moberly; Mr. James T. Craig and Miss Nora Murphy. Ushers—Mess. Joe F. Waters and Wm. B. Penny. The ladies of the church had handsomely decorated it for the occasion, an arch of evergreens interwoven with roses, a floral horse-shoe and a marriage bell, being some of the designs. The house was crowded, the people being so anxious to see a marriage that some had come ten miles to witness it. After the ceremony the happy pair, with their attendants and invited guests, reception to the home of the bride, where a reception was given them, which, however, ended over by Mrs. Loo. Hayden, was of course a nice affair. Last night the parents of the groom, Mr. and Mrs. J. J. Moberly, gave them a second reception.

RELIGIOUS.—The Baptist meeting closed Friday night last, with two additional by confession.

Dr. Martin will be installed as pastor of the Second Presbyterian Church at Danville Sunday.

The Southern Synod at Nicholasville adjourned Saturday, to meet in Shelbyville October 18, 1882.

Rev. Dr. Burrows, pastor of the Broadway Baptist Church, Louisville, has accepted a call to Norfolk, Va.

Rev. Harvey Quisenberry, of the Methodist Church, dropped dead in his pulpit at Bedford, Ky., last Sunday.

Eld. Joseph Ballou will preach at the School-house at Richmond Junction at 11 A. M. Sunday, and at Neal's School-house, near Mason's Gap, in the afternoon at 3 o'clock.

Dr. Stuart Robinson will deliver \$5,000 to the Second Presbyterian Church, and \$25,000 toward founding an Invalid Endowment Fund for the Southern Presbyterian Church.

Elder J. S. Shouse, of Midway, who has been holding a meeting for a week or two at the Turnersville school-house, closed one day this week. He was most successful in drawing sinners to the Savior, 57 having embraced the offers of mercy. He also succeeded in awakening the people to the importance of building a house of worship there, and a subscription of \$1,300 for that purpose was the result.

Rev. Geo. N. Savage, the indefatigable Superintendent of the American Bible Society for Kentucky and Tennessee, held his annual meeting at the Methodist Church last Sunday night, for a report of which we another column. In the course of his very interesting remarks Mr. Savage said that in the sixty-five years that the Society has been in existence it has printed and distributed thirty nine millions of copies of God's Word, 1,474,603 of which were printed last year. The establishment occupies a full block on a business street in New York, and runs 37 power presses, which produce an average of eight complete Bibles every minute. These Bibles are either given away or sold exactly at the cost of making them. The Society is doing a vast amount of good, and should receive a liberal support everywhere.

LAND, STOCK AND CROP.—In Louisville mules are quoted at \$70 to \$175.

T. L. Carpenter sold, a few days ago 52 head of yearling cattle at \$21.50.

J. E. Carson, Crab Orchard, Ky., has for sale 140 head extra good ewes, bred to Southdown bucks.

Frank Harris bought of W. F. Carpenter 50 head cattle, for December delivery, at 5 and 5 1/2 cents.

Texas sells annually 400,000 head of cattle. At \$20 per head it foots up a grand aggregate of \$8,000,000.

E. P. Gaines, of Donnell, has purchased this year 400 mule colts, ranging in price from \$30 to \$75 each.

Buyers are offering \$125 barrel for new corn, delivered in Winchester after November 1st. Wheat is quoted at \$1.40.

DANVILLE COURT.—Capt. H. T. Bush reports about one hundred ordinary cattle on the market. Best sold at \$1 to \$1 1/2; aged mules sold at \$80 to \$125; plug horses were numerous and sold low.

Fishermen will read this with interest. Captain Warren O'Haver, of Indianapolis, has invented a fishing reel that holds one hundred yards of heavy line and multiplies ten times. It is said the line can be reeled in four times as fast as with any other reel.

Probably the best lot of mule colts and the highest price that ever went out of the county, were those shipped to Charles P. Cecil, of Boyle county, on Monday last. They were fifty in number, all mare mules, remarkably large and fine, and were bought for Cecil by S. D. Dunn, of this county, at \$72 per head.

BOYLE COUNTY.—The entertainment at James Hall, for the benefit of the Baptist Church, was well patronized, the gross receipts reaching \$150.

Mr. W. S. Dowdson has in contemplation the erection of an ice manufactory in Danville next season, and is likely to succeed in perfecting it.

The County Court re-elected W. W. Martin keeper of the work-house. L. A. Smith was elected keeper of the poor-house. He gets the farm rent free and \$52 for each pauper per year.

Rev. H. H. Kinnard, of Midway, was in our town on Tuesday last to attend the wedding of Miss Eliza Dowdson and Dr.

W. A. Hall, which took place at noon, and after a handsome luncheon was served the bride and groom left for their future home, McGregor, Iowa.

Mr. Wm. Ayres, a prominent young aviator of Louisville, has been on a visit to his old home, this city.

Prof. Kidd, who has been engaged here for some time past, having completed his course of lectures, left for his home in Cincinnati Tuesday.

Warren Russell, of this place, sold for Mr. John Craig a nice grey gelding, 6 years old, to Mr. Wm. M. Graham, of Sumpter, South Carolina, for \$125; and to the same party, for Mr. Mills of our town, a buggy mare 5 years old, by Leopold, at \$100.

Mr. Graham was here several days, and purchased a car-load of horses for his market. No change in wheat or barley in our market. The only transactions appear to be in seed wheat, the best selling at \$1.60 and \$1.65 for extra nice, clean wheat. Owing to the short corn crop, but few hogs will be fattened this Fall—in fact, some farmers haven't a hog on their premises.

"PRAISE THE LORD." BARBOURVILLE, October 17, 1881.

I have good news to write this morning. Yesterday was a real SUNDAY day, with the blessed "SUN" of righteousness rising with healing in his wings" for soul and body. It is just like HIM that in the midst of deepest discouragement should come a burst of light and joy as fairly to dazzle.

Yesterday was the largest single day's harvest in the mountains by far for the LORD—170 confessions for the soul and 40 for the body for healing. PRAISE THE LORD! There were three usual services, and the tent was crowded day and night. The morning service passed with little sign of the breakdances in the later hours of the day—7 confessions for the soul and 8 for the body. A children's meeting was announced for 2 o'clock, and the LORD went that, as He has so often done, to smelt the ice of reserve and will follow that at one time seemed impassable. Away it went, however, all at once, like an Arctic wave, and the current of the LORD'S love floated it clear out of Barbourville bay, leaving the lately ice-locked waters clear, calm and safe for anchorage. "There were ninety and nine" confessions at the children's meeting, among the number 24 adults; 6 came for healing. At night the meeting was still more remarkable for power, though the number of confessions was less—64 for the soul and 32 for the body. One needs to know the people who came in order to begin to appreciate the wonderful work of the LORD. The total at the close of that blessed day's harvest stood—318 for the soul and 169 for the body. Almost all are who attend the meeting. I am very happy to say that the mission-keepers of the LORD, and Barbourville stands an excellent chance, if it is not recklessly thrown away, of getting rid quietly and without any loss of feeling or contention, of the accursed legal traffic in ardent spirits. Of course "moonshine" will flourish more or less till the millennium. Then, thank the LORD, it will have to go, too. What a lovely place the town of Barbourville will be when it gets rid of legal whiskey. LORD, send the day soon, I pray!

We leave for Williamsburg, Whitely county, Wednesday morning, "if the LORD will," hoping to catch a part at least of the Circuit Court crowd that is coming and going there now. Court closes in Whitely next Saturday. We will pitch the tent, as the Court-house is too small to preach in. We hope, by deeply covering over with straw, to use the tent until the first or even the middle of December, unless severe cold should set in sooner than usual. You have no idea how warm and comfortable it is when full of people, even in quite cold weather. As far as we can discern the LORD'S course for us, the road lies through Williamsburg, Somerset, Monticello, Jamestown and Liberty. Giving two weeks to each, it will be about the first of January before we can get to the bluegrass, where Paris seems to have the first claim upon us. All this is, in a measure, conjectural. We have long since learned, not to have anything like a program.

We trust to get "best wages" in Barbourville, or 200 a week at least, unpromising as it seemed at first. How sweet to "walk by faith, and not by sight." PRAISE HIS DEAR NAME! SOBEY, never shows us the "better part." Ever in Jesus, G. O. B.

P. S.—(Monday night, 9 o'clock.) A line to post you to date. 33 more have confessed for the soul, and 25 for the body this afternoon and to-night—swelling the total to 351 soul, and 194 body. PRAISE THE LORD! G. O. B.

ANOTHER P. S.—(10 o'clock, Tuesday night.)—Meeting just closed, and a glorious one it was. 101 confessed for the soul, and 61 for the body to-night. The day's harvest has been 128 for the former, and 96 for the latter. The total for Barbourville is 479 for the soul, and 290 anointed for healing. Glorious!—and all the glory to be victorious JESUS. The services lasted 3 1/2 hours to-night; tent jammed to its utmost capacity. Almost a "clean sweep" in Barbourville. No words can express our joy and thankfulness at this outcome after manifold discouragements. "Exceeding abundantly" the LORD has given above what we asked or thought. Help our friends, to PRAISE THE LORD for HIS work in Barbourville. Ever in Jesus, G. O. B.

A New B. R. Project.

We propose to lay before your readers a project for a new Railroad that is now being agitated in Central and Southwest Kentucky. It is proposed to start from Stanford, Ky., thence due West through the counties of Casey and Adair; thence a Southern course along the borders of Metcalf, Cumberland, Barren and Monroe counties, to the most practical point of intersection on the Cumberland & Ohio; thence the C. & O. continued via Gallatin, Tennessee and so to Nashville.

It will be seen by reference to the maps of Kentucky and Tennessee that the proposed route is nearly an straight line. The distance from Stanford to Columbia is 50 miles, from Columbia to intersection of C. & O. about 50 miles, from Gallatin to Nashville is 35 miles. The probable distance from Stanford to Nashville cannot, as we are reliably informed, exceed 160 miles. Of this distance only 125 or 130 miles of new road would have to be graded. A distinguished railroad contractor has a large contracting interest in the C. & O. already graded from Gallatin, Tennessee, up into and through Allen county, Ky., a distance of 35 miles, and which can

be completed at a very small cost. A satisfactory arrangement can be made with him for a transfer of his interest in the same. The Knoxville Branch extension will be completed through to Knoxville early in the Spring; the Chesapeake & Ohio have under contract their extension from Dorris to Richmond, Ky., and now have 800 men at work on the same, which will be completed during the coming Summer, thereby giving them an unbroken chain to Norfolk, Va. The people of Madison, Estill and Lee counties have voted the amount of stock necessary to complete the railroad from Richmond to the Three Forks of Kentucky River. Two companies with an ample capital have offered to complete this road; hence its completion is only a question of time, and may be regarded as a fixed fact; and when opened up to the people of Central Kentucky it will give an outlet from one of the richest coal fields in the United States. It is also proposed to extend this last R. R. on through Pound Gap, or its vicinity, and intersect the great R. E. system of Western Virginia. Three of the grandest corporations in the United States come in contact at Stanford or vicinity. I allude to the C. & O., the L. & N., and the Cincinnati, New Orleans & Texas Pacific, late the Cincinnati Southern; hence the struggle would commence in the very outset, for either the one or the other to gain control of this proposed new road.

We verily believe that the people, through whose counties the proposed road is to run, would willingly vote any reasonable amount of stock for which they might be assessed, and if the aggregate was not sufficient, that the C. & O., or the Erlanger interest, or the L. & N., or some one of them could, or would, be induced to take hold of the project and complete it. We have every confidence that the C. & O. would do so, if they were assured that the proposed road would be a part of their system.

The people of Lincoln county never had, and never will have, a more propitious moment to advance their material interests than now; hence we appeal to them, as well as to the people in Casey, Adair, Metcalf,
